I have completed two sea service contracts as a Wiper, during which I gained valuable experience. Unfortunately, due to unforeseen and urgent family matters, I had to extend my vacation beyond the originally planned period. I informed my company of the situation at the time. However, the extended leave affected my scheduled deployment, and I understand that my slot was given to another candidate. I am now ready and fully available to return to duty. I remain committed to continuing my career at sea and further developing my skills and experience. I respectfully seek understanding and consideration for future employment opportunities. Thank you very much for your attention and kind understanding.
