Notes	
<p>I am Electical Cadet Chencyk Vladyslav looking for my first contract onboard. I am studying in Maritime Collage of Technical Fleet on electical department. I am currently entering my fourth year of studies. During this year, I am scheduled to complete my onboard training practice. At the moment, I have no onboard expirience, but I am highly motivated, a fast learner and passionate about everything related to electrical engineering and shipboard electrical systems. I may not be the strongest candidate yet, but I willing to work hard, and would be truly honored to start my career with your company.</p>
