Roustabout | Able Seamen | Ordinary | Seaman | Crane Operator

## Profile

Dedicated and seasoned mariner since 2013 with a proven track record of excellence. Bringing extensive expertise in deck operations, navigation, and safety protocols, I am committed to ensuring the smooth and secure functioning of vessels. With advanced seamanship skills and a proactive approach, I excel in executing complex deck tasks, maintaining a vigilant watch, and leading emergency response drills. Adept at fostering teamwork, I thrive in dynamic maritime environments, demonstrating adaptability and strong communication skills. Possessing a comprehensive understanding of international shipping regulations, I am ready to contribute my skills to guarantee the safety and efficiency of maritime operations.

## Education

**Secondary High School** 2003-2007  
Sekolah Menengah Kebangsaan Pekula Jaya, KEDAH, Malaysia

## Job Description

- Planning and execute complex deck operations, including mooring, anchoring, and cargo handling, ensuring precision and adherence to safety protocols.
- Assume a leadership role in standing watch, maintaining a vigilant lookout for navigational hazards, and promptly addressing any emerging challenges.
- Planning and coordinate routine maintenance tasks, overseeing cleaning, painting, and repairs of deck equipment to ensure optimal functionality.
- Conducting thorough checks to guarantee readiness for emergency situations such as in launching and recovering lifeboats and safety equipment.
- Participate in comprehensive drills and exercises, to enhance emergency response preparedness.

## Skills

- Advanced seamanship skills encompassing intricate knot tying, splicing, and rigging techniques.
- Proficiency in using navigational instruments and electronic equipment, demonstrating a keen eye for detail.
- Exceptional physical fitness, coupled with the ability to perform strenuous tasks seamlessly in various weather conditions.
- Proven teamwork capabilities with strong communication skills, fostering a collaborative and efficient working environment.
- Thorough familiarity with safety regulations in making sure the compliance with maritime laws.
