Notes

I am a qualified Electro-Technical Officer (ETO) with 12 years of experience in maintaining and troubleshooting electrical, electronic, and automation systems onboard vessels. My background includes working with automation systems, power generation, DP systems, HVAC, frequency drives on offshore and merchant vessels. I have dry dock and shipyard experience, installation and modification of new systems and machinery, annual and flag inspections, FMEA. Highly motivated and proactive ETO with a strong work ethic and a solutions-driven approach. Committed to ensuring the smooth operation of all electrical and electronic systems onboard. Adept at troubleshooting, maintenance, and repairs, with a keen eye for detail and a dedication to safety and efficiency. Ready to take full responsibility for all electrical issues, ensuring minimal downtime and optimal performance. I am eager to bring my technical skills, safety awareness, and problem-solving abilities to your company. I would appreciate any opportunities or referrals within your network. My CV is attached for your review.
