MV Philippa IMO 9746360	Offshore Supply Vessel	3 x 1350 BHP	259 MT	130 MT	Engine Trainee	17 Mar, 2022	30 Jun, 2022

### **Duties and responsibilities as an Engine Trainee:**

- Performed engine room watch-keeping duties and ensured the smooth running of all engine room machineries by regularly monitoring the engine room space and operating conditions of all machineries, making sure to record and contrast running parameters for consistency, and also reporting promptly to the duty engineer any inconsistency observed so as prevent any machinery breakdown.
- Prepared engine room watch-keep reports, and filled in necessary engine parameters on engine logbooks.
- Made sure I was always knowledgeable of the safety risk associated with working in any part of the engine room, with working on various ship machineries, hence always employing the necessary safety precautions and donning the right personal safety equipment to help prevent casualty occurrence.
- Personally performed numerous routine engine operations of various storage tank sounding, top-up and draining.
- Took active and regular part in safety drills ad safety meeting for all safety emergency or safety procedure at sea.
- Actively assisted superior engine officers in preventive maintenance operation of main and auxiliary machinery by smartly carrying out assigned task of all kind that are critical to the timely and safe completion of such maintenance operation.
- Took active part in the complete overhaul maintenance operation of the main and auxiliary diesel engine involving a complete strip down of the engine, removal, and replacement of old or faulty parts which have deteriorated due to wear and tear, as well as on other auxiliary machineries.
- Played assistant role in the dry-docking operation of the vessels so as to access the propulsion shafts, ship keel, propeller blades for inspection, maintenance, and cleaning.
- Practiced good housekeeping in the engine room by ensuring a clean and empty engine room bilge, painting of rusting engine room bulkheads, engine parts, pipes, tanks, cleaning of spilled fuel oil, and proper tools storage etc.

### **Hobbies:**

- Making personal online researches and reading online news
- Playing table tennis and swimming
- Listening to music and making music
