Kin name, Surname:	Svetlana Golovan	Kin address:	Azov, street. Kondaurova 40 app.113

Notes

I am writing to express my interest in the position of Master on a oil/chemical tankers with your esteemed company. I have experience as a captain, having worked on tankers, including those specialized in the transportation of chemical and petroleum products. I also have enough experience with STS operations & bunkering. Throughout my career, I have successfully managed the transport of a wide range of liquid cargoes, from petroleum products to chemicals. My experience covers all key aspects of the Master's duties, including crew management, adherence to safety regulations, voyage planning, and coordination of loading and unloading operations. I have good experience working in a mixed crew.

Experience in passing various vetting inspections is available. I also have experience in dry dock and shipyard (delivery of the new building). I would welcome the opportunity to join your team and contribute to the continued success of the company. I am available to provide further information or attend an interview at your convenience. Thank you for considering my application. I look forward to the possibility of working with you. P.S. All my professional certificates and licenses are up to date and comply with STCW requirements. Schengen is also available until 12.11.2025
