Notes

Gas/Cargo engineer with LNG, LEG, and LPG experience, in particular NO96, MARK III containment systems. Worked with methane, propane, butane, LPG mix cargo, ethylene, and propylene. Performed cargo changes, mixing of propane and butane onboard, maintaining of two cargoes simultaneously, and various inspections, including SIRE 2.0. I have experience working with piston, screw, and centrifugal compressors; single- and two-stage cycles; and cascade cycles. Was responsible for inert gas and nitrogen generators. Passed LICOS and SIGGTO courses.
