SUMMARY

I was born in Germany at 1972. Between 1990 - 2017 worked as officer at the Turkish Navy at different ranks and different duties, finally as a commander for 5 years. Also during navy period I got experience to work at NATO and EUFOR (European Union Force) as staff officer. Between 2017 - 2020 worked on tankers as chief officer on different types of merchant vessels.

Since 2020 with a total of almost 4 years of experience in the offshore industry as Master of PSV (DP2) vessels. At the end of 2023 I worked on a OFFSHORE SUPPLY VESSEL with supporting a seismic survey vessel. I posses a dynamic and results-driven mindset that enables me to navigate complex situations and make challenging decisions with ease.

My total active days on Dp Vessel on board is 830 DAYS, and total active hours are 2250 Hours. (Can be proved via seamans book records and İMCA LOG BOOK)
