

IHAB QASIM ZALAT

SUMMARY

Dynamic and detail-oriented 3rd Engineer with over 6 years of experience aboard oil tankers, including Sukhoor Alkhaleej II. Skilled in marine propulsion systems, machinery maintenance, and operational control. Proven expertise in fabricating and repairing engine components, troubleshooting mechanical issues, and ensuring peak performance under pressure. Committed to strict safety and environmental standards, with a strong record of supporting vessel compliance and efficiency. A dependable team player focused on continuous improvement and high standards in maritime engineering.
