Documents and further information:

I worked for 12 years at the company V.Ships and afterwards for another 12 years at the company Pacific International Lines. At Pacific International Lines(PIL) I very frequently called at ports such as Singapore, Hong Kong ,and Shanghai – areas known for very congested water and very intensive sea traffic and especially in the Singapore strait. Singapore is the base port of PIL. My last voyage was on the m/v SSF Lyra(GFS Ship Management) and I worked at high-risk maritime zone including the southern part of the Red Sea and Aden Bay, between port King Abdullah(Saudi Arabia), port Aden(Yemen) and port Berbera(SomaliLand).
