PROFILE

Aspiring and well-prepared Deck Watchkeeping Officer (OOW Unlimited) with solid academic training and hands-on cadetship experience aboard ocean-going vessels. Ready to begin a professional seafaring career with a strong focus on safety, teamwork, and continuous improvement. Thorough understanding of maritime navigation, COLREGs, ship operations, and STCW standards. Eager to contribute effectively to bridge operations and grow within a reputable shipping company.

WORK EXPERIENCE

Project Manager

Worked for over a year

Bita Marin Electrical Electronics and Mechanical Company

- I work as a Project Manager at Bita Marin Electrical Electronics and Mechanical Company. A company we established 6 month ago with people who are very good at their jobs. In addition to being a project manager in this company, I also manage tasks directly related to shipowners or inspectors, such as pricing, marketing, inspection, work distribution and follow-up in the fields of electrical, electronics and mechanics, and most importantly, creating a customer portfolio and promoting our company

Project Engineer

Worked for 2 years

Piok Ship Machinery and Electric

- I worked as a Project Engineer in the workshop of Piok Ship Machinery and Electric Company located in the Tuzla shipyards region for about two years. There were many jobs for me, both mechanical, electrical and main engine or diesel generator, such as windlass or capstan, hatch cover pistons or mast pistons, bridge equipment, bow thruster, generator alternator, BWTS, pipe works and reporting, inspection, pricing, planning, marketing, work distribution I did and managed administrative and office works. My team was 35-40 people and I have worked on both Russian type ships and European type ships in Tuzla region, Yalova region, Çanakkale izmit or services (we provided service at sea under suitable conditions upon request).
