Cover Letter

Dear EmployerDear Hiring Manager,

In my previous role on AHTS vessels, I was responsible for assisting in various anchor handling and towing operations, supporting offshore installations, and performing tasks under challenging conditions. This hands-on experience has given me a deep understanding of deck procedures, as well as a solid ability to work under high pressure while maintaining safety standards. My experience aboard ferry ships has also broadened my skill set in passenger safety and management, communication with crew members, and vessel upkeep. This combination of technical knowledge and customer-focused skills has helped me develop a well-rounded approach to my work as an able seaman.

I hold a valid STCW certificate, and I am well-versed in marine equipment maintenance, navigation, and emergency procedures. My commitment to operational safety aligns with your company's standards, and I am diligent in ensuring that every aspect of my work adheres to established maritime guidelines. Additionally, my capacity to work effectively within a team ensures that every mission, from routine tasks to complex operations, is handled with precision and professionalism.
