About Me

Marine Engineer with nearly two years of hands-on experience working aboard tankers, container ships, and general cargo vessels. Proficient in the operation, maintenance, and repair of a wide range of machinery, including diesel and gasoline engines, hydraulic systems, compressors, steam plants, electric motors, and pumps. Demonstrated ability to stand independent engine room watches, monitor and troubleshoot shipboard systems, and perform both solo and team-based repair work. Experienced in working within multinational crews, showing strong interpersonal skills and a collaborative mindset. Fluent in English, with close to two years of immersion in an English-speaking environment, leading to a strong command of both technical and conversational English. Consistently recognized by superiors for professionalism, technical skill, and a proactive approach, with multiple promotions and positive recommendations throughout my career.
