## ABOUT ME

I am a dedicated and reliable Chief Engineer, providing high-quality vessel safety. I can direct and direct personnel in alternate sizes to maximize the operational efficiency of the ship, promptly interfering with various problems.

- I was born in 1969 in Ujar district. In 1977 I started my secondary school education. In 1984, I completed my 8-year high school education. I am married and have 2 children.
