### Notes

Dear Employer/ HR Manager I am deeply interested to apply for the Chief Engineer position on your company, that was advertised on media recently. My qualifications and skills matches your specifications almost exactly. Please take a moment to review my attached supporting documents. I have completed Bachelor's degree in Marine Engineering from 2006-2010 Years in Batumi State Maritime Academy, in Georgia. Currently I'm working as 2nd Engineer on tanker ships 50k DWT. I have a chief Engineer's licence on ship powered by main propulsion machinery of 3000 kW or more. Practical experience gained through internships, I am eager to contribute to your esteemed organization and grow within the maritime industry. My educational & Experience backgrounds has provided me with a solid understanding of marine engineering principles, while my hands-on experience at Columbia Shipmanagement Ltd. has equipped me with practical skills in engine maintenance, troubleshooting, and compliance with safety regulations. Throughout my internships, I demonstrated a strong work ethic, keen attention to detail, and the ability to collaborate effectively with diverse teams. I am confident that my technical skills, dedication, and enthusiasm for marine engineering make me a suitable candidate for this role. I am eager to contribute to your team's success and ensure the efficient and safe operation of your vessels. Thank you for considering my application. I look forward to the opportunity to discuss how my background, skills, and aspirations align with the goals of your Company. It would be a sincere pleasure to hear back from you soon to discuss this exciting opportunity. Kind Regards Nodar Putkaradze
