SUMMARY

Dynamic and accomplished Master Mariner with 18+ years of global maritime leadership, including One year rank command experience on AFRAMAX, LR2 crude and product tankers, delivering excellence in marine operations, vessel navigation, cargo management, and chartering. Proven track record of zero LTI operations, successful completion of SIRE 2.0, and Class inspections, and leading Indian crews in high-pressure environments while ensuring full compliance with ISM, ISPS, and MARPOL standards. Adept at optimizing voyage planning, terminal coordination, demurrage control, and fuel efficiency, resulting in measurable cost savings and enhanced commercial shipping performance. Currently pursuing MBA in Digital Maritime Supply Chain Management and Executive MBA in Ship Chartering and Brokering, equipping me with strategic expertise for a ship master role.

EXPERIENCE

08/2024 – 06/2025 **SHIPPING CORPORATION OF INDIA [SCI]**

CRUDE OIL TANKER
(AFRAMAX & FRAMO)

MASTER MARINER

Commanded crude oil tankers with full responsibility for marine operations, navigation, cargo management, and safety compliance. Directed multinational crews, enforced international regulations, and coordinated with charterers, port authorities, and shore- based teams to ensure operational efficiency and commercial performance.

RESPONSIBILITIES :

Navigation & Voyage Planning (a) Ensured safe passage planning and execution of international voyages in compliance with SOLAS, COLREGs, and ECDIS systems.
(b) Applied ARPA and route optimization tools to enhance fuel efficiency, voyage safety, and cost control.

CARGO OPERATIONS

- (a) Supervised complete cycle of loading, discharging, tank cleaning, and ullage planning, ensuring strict adherence to MARPOL regulations.
- (b) Developed and implemented cargo stowage and segregation plans to maximize tonnage utilization and reduce demurrage.

Safety & Regulatory Compliance

- (a) Enforced compliance with ISM Code, ISPS Code, SOLAS, and MARPOL conventions, maintaining audit readiness at all times.
- (b) Organized safety drills, risk assessments, and emergency preparedness exercises to strengthen crew readiness.

Crew Management & Training

- (a) Provided leadership, mentoring, and skill development to officers and crew, improving overall competency levels.
- (b) Conducted performance evaluations, safety briefings, and training sessions, ensuring high productivity and morale.

Port & Terminal Coordination

- (a) Oversaw berthing and unberthing operations, coordinating with port authorities and pilots for safe maneuvering.
- (b) Collaborated with terminals and agents to streamline operations and improve turnaround time.

Commercial & Client Interface

- (a) Maintained close communication with charterers and brokers to ensure full charter party compliance.
- (b) Submitted detailed daily voyage and operational reports to shore management and clients.

Audit & Inspection Management

- (a) Successfully managed SIRE 2.0 and class inspection consistently achieving deficiencies

reports, aligning with (b) Prepared and reviewed compliance documentation and audit international requirements.

KEY ACHIEVEMENT

- (a) Achieved 100% compliance in GI and SIRE inspections, strengthening client confidence and company reputation.

(b) Reduced demurrage costs through precise scheduling and efficient terminal coordination.

10/2017 – 11/2023

THE GREAT EASTERN SHIPPING CO. PVT. LTD.

CRUDE &

PRODUCT TANKER

ADDITIONAL MASTER / CHIEF OFFICER

Managed product and crude oil tanker operations, overseeing navigation, cargo handling, safety procedures, and crew leadership. Collaborated with charterers, surveyors, and port authorities to ensure seamless operations while preparing vessels for international inspections, audits, SIRE, USCG, PARIS MOU INSPECTION and AMSA.

RESPONSIBILITIES

Bridge Operations & Navigation

- (a) Managed navigational watches and bridge operations, ensuring safe passage through restricted and congested waters.
- (b) Utilized voyage optimization techniques and ECDIS route planning to reduce transit time and improve fuel efficiency.

Cargo & Tanker Management

- (a) Directed cargo transfer, tank preparation, and tank inspections, ensuring compliance with charter party agreements.
- (b) Developed ullage, stability, and draft calculations to maintain cargo integrity and vessel balance.

Regulatory & Safety Standards

- (a) Maintained full vessel compliance with ISM, ISPS, SOLAS, and MARPOL standards during voyages and audits.
- (b) Introduced structured drill programs and safety practices that improved emergency readiness.

Crew Development & Welfare

- (a) Supervised compliance with work/rest hour regulations to safeguard safety and efficiency.
- (b) Mentored junior officers by imparting leadership and technical skills for professional growth.

Inspections & Audits

- (a) Prepared vessels for USCG, AMSA, and Class surveys, ensuring consistent positive outcomes.
- (b) Addressed audit non-conformities with corrective measures, improving operational quality.

KEY ACHIEVEMENTS:

Delivered measurable cost savings by optimizing voyage planning and fuel consumption.

Consistently secured positive SIRE and Class inspection results, reinforcing operational reliability.

2011 – 2017

INDIA STEAMSHIP CO. PVT. LTD.

CRUDE & PRODUCT TANKER

THIRD OFFICER / SECOND OFFICER / CHIEF OFFICER

Progressed from Third Officer to Chief Officer, building extensive experience in deck operations, navigation, cargo handling, ship maintenance, and safety drills. Supported senior officers in vessel management, environmental compliance, and crew training, contributing to smooth tanker operations and regulatory compliance..

RESPONSIBILITIES

Deck & Ship Maintenance

- (a) Supervised deck crew in maintenance, painting, and repair operations to maintain vessel seaworthiness.
- (b) Planned and coordinated dry docking schedules, ensuring timely completion of maintenance projects.

Cargo Handling

- (a) Assisted in cargo loading and discharging operations, ensuring accuracy in ullage measurements and draft surveys.
- (b) Maintained precise cargo documentation for port authorities and charterers.

Navigation & Watchkeeping

- (a) Conducted safe ocean and coastal navigation in compliance with COLREGs and international maritime standards.
- (b) Operated advanced radar, GPS, and ECDIS systems to ensure voyage accuracy and safety.

Safety & Emergency Preparedness

- (a) Coordinated fire drills, abandon ship drills, and oil spill response training, enhancing emergency readiness.

(b) Applied MARPOL Annex procedures to minimize pollution and ensure environmental compliance.

Crew Support & Training

(a) Assisted senior officers in training cadets and junior officers, enhancing technical skills and operational knowledge.

(b) Supervised mooring and unmooring operations, ensuring adherence to safe practices.

KEY ACHIEVEMENTS:

Contributed to successful Class Inspections and Port State Controls with zero detentions.

Played a key role in maintaining strict MARPOL compliance, ensuring vessels operated in full alignment with international environmental standards.

EDUCATION:

- **Executive MBA In Digital Maritime & Supply Chain (PURSUING)**

INDIAN INSTITUTE OF TECHNOLOGY (IIT) MADRAS INDIA

INDIA

- **Executive MBA In Ship Chartering & Ship Brokering (PURSUING)**

International Maritime Business Academy (Imba), Dehradun, India

Dehradun,
India

- **Bachelor Of Science (B.Sc.) In Nautical Science**

INDIAN MARITIME UNIVERSITY, CHENNAI INDIA
CHENNAI

INDIA

SKILLS:

- MARINE OPERATIONS
- CARGO HANDLING & TANKERS OPERATIONS
- SIRE / USCG / AMSA INSPECTIONS
- RISK AND CRISIS MANAGEMENT
- STAKE HOLDER & CLIENT RELATIONS
- EMERGENCY RESPONSE PREPAREDNESS
- VESSEL NAVIGATION
- TERMINAL COORDINATION
- CREW LEADERSHIP & TRAINING
- COMMERCIAL SHIPPING OPERATIONS
- FUEL OPTIMIZATION & DEMURRAGE CONTROL
- VOYAGE PLANNING

- MARINE SAFETY & COMPLIANCE
- REGULATORY COMPLIANCE (ISM, ISPS, MARPOL, SOLAS, COLREGs)
- LOGISTICS & SUPPLY CHAIN MANAGEMENT
- AUDIT & INSPECTION READINESS
