### Skills

Target-focussed and ambitious

### Languages

English

### Summary

I have successfully completed 14 contracts on vessels since 2012, starting as 3/O and completing as Master. Most of my experience is with bulk carrier vessels. I have been working as a Master for the last 2 contracts. I have been working with foreign companies with a multi-nation crew since 2018.

I have great experience of many different hold preparations for different types of cargoes, prepared holds from coal cargo to grain cargo many times and never failed so far. I loaded grain cargoes from the USA, Canada, Australia, Brazil, Argentina & Ukraine.

After all my maritime service for a long time, I set new goals in the sector with the confidence of achieving my goals, and now I want to build a career in the offices of maritime companies.

My priority is working in Operation, HSEQ or Chartering Departments.
