Notes			
<p>My career started on small deadweight tankers in position of AB in 2005. After graduated my college I was certificated as OOW in 2007. Later in 2011 I got position of Chief mate on 6623 mt tanker. Staying in position of Chief mate I've got many interesting experience such as carriage different types of cargo and loading-unloading operations, tank cleaning operations, vetting and other inspections, dry docking, ice navigation, ship handling and maneuvering, STS operations, ship and people management, river navigation. In 2014 I started looking for a new job opportunities. In 2015 completed another one contract with vegetable oils experience trading in Europe. Continuing search for a job I was offered to go on bigger deadweight tankers with lower rank. Working as second mate with Interorient I have got great expirience with variuos types of ECDIS. In 2016 upgraded my licence to Master level. In 2018 I've got back in chief mate position and completed 8 contracts from that time. Have promotions from different captains and would like to have opportunity take a Master position on the vessel. All my sea life I've spent on tankers and want to stay with good going company. Very appriciate for your attention to my person. All the best.</p>
