### Notes

I am a fast learner, stress-resistant, and have a calm personality. I work excellently in a team. I am proactive, ambitious, and eager to learn and develop. In my previous contracts, I proved myself as a responsible and diligent employee. I have received promotions in every contract. I have studied English and speak it fluently. I have experience working in mixed crews (Filipinos, Indians, Croatians). I give priority to contracts that offer opportunities for further career growth. Also I have Higher Education in Engineering. • Total 6 contracts on gas carriers (LPG/LNG). • Familiar with cargo system operation and safety procedures. • First officer rank experience (4th Engineer) on large tanker — confident in engine-room watch and maintenance routines. • All previous contracts completed successfully; short contract due to family matter, now fully available. • Intend to continue career on gas carriers as 4th Engineer / Junior Engineer.
