## ABOUT ME

I am a highly experienced Deep Sea Captain with more than 25 years of command experience on international trading routes. Throughout my career, I have served as Master on bulk carriers of various sizes, operating worldwide, including the Pacific, Atlantic, Indian Oceans, the Mediterranean, Black Sea, Caribbean, Arabian Gulf, and major river systems such as the Parana and Tocantins.

27th November 2025

---

I would like to express my interest in joining your company as a Master. With many years of command experience on internationally trading bulk carriers, I have developed a strong track record in safe navigation, vessel management, and effective leadership.

My background includes worldwide service across major oceans and seas, including the Pacific, Atlantic, Indian Oceans, Mediterranean, Black, Caribbean, Arabian, and China Seas, as well as transits through the Panama and Suez Canals, Bosphorus and Dardanelles Straits, Malacca Strait, and other demanding passages. I am fully familiar with long-haul voyages, high-density traffic zones, and diverse climatic conditions.

I hold a valid Deep Sea Captain License and maintain a full set of current STCW certificates, including advanced navigation, safety, security, GMDSS, and multiple ECDIS systems. My approach to command is based on discipline, responsibility, and continuous improvement, with a strong focus on safety culture, teamwork, and compliance with company policies. I work closely with shore management and ensure effective and transparent communication. I am confident that my operational experience, strong leadership skills, and commitment to safety make me a reliable candidate for your fleet. I am ready to join within a short notice period and am currently considering opportunities for November–December 2025.

Thank you for your time and consideration. I would welcome the opportunity to contribute my experience and professionalism to your company.

Kind regards,

Yevgen Smolyanets

Master / Deep Sea Captain
