To the Hiring Manager

Subject: Application for the Position of Able Seaman

Dear Sir or Madam,

I am an experienced Able Seaman with over ten years of service aboard international offshore vessels, including AHTS, tugs, and supply ships. I am applying for a position in your company to continue contributing my skills in safe and efficient deck operations.

Throughout my career, I have worked for well-known maritime companies such as Tide Water, Bourbon, OSM, and Petro-Servis, operating on vessels engaged in mooring operations, cargo transfer, deck maintenance, safety checks, and navigation watch. I actively participate in pre-job safety meetings, ensure compliance with HSE procedures, and always support the team on deck and bridge. I hold valid maritime documents and certifications, including Basic STCW, Proficiency in Survival Craft and Rescue Boats (STCW A-VI/2), Able Seafarer Deck, and a Watchkeeping Certificate (COC) issued in Belgium. I also maintain an up-to-date medical certificate, passport, seaman's book, and yellow fever vaccination.

I am a disciplined, safety-conscious crew member with a strong work ethic and good team spirit. I am used to working with international crews, adapting quickly to the ship's routines and procedures. I speak French and have a solid understanding of maritime English, sufficient for all duties and communication onboard.

I am ready for embarkation and available for an online interview at your convenience. Joining a Canadian vessel would be a meaningful step in my career, and I am fully committed to performing my duties with seriousness, loyalty, and professionalism.

Thank you for your time and consideration.

Sincerely,

Chancel Régis **MBAMBAKANI**
Able Seaman
