Dear Hiring Manager,

My name is Pavels Danilenko. I am I Third Engineer with strong experience on tanker vessels and in the offshore industry. I know well how to operate, repair and maintain main and auxiliary engines, pumps and el system. Worked many years in fleet and and in offshore vessels. I can solve problems quickly follow international safety rules and work well with multinational crew In addition, I have important experience in the offshore sector including offshore support vessels and construction barges. There I was responsible for troubleshooting technical problems, supporting deck operation and ensuring smooth coordination between engine room and bridge. Offshore work boosted my electrical knowledge also taught me how to adapt fast and always keep safety first.

Warm regards,

Danilenko

- **Mechanical Troubleshooting and Repair:** Proficient in diagnosing and resolving issues to ensure optimal vessel performance.
 - **Safety Compliance:** Ensuring adherence to stringent safety protocols and regulatory requirements.
 - **Emergency Response:** Skilled in handling emergencies and troubleshooting non-standard situations effectively.
 - **Radio Operations:** Ensuring smooth communication among vessels, facilitating fuel/oil supply operations, and coordinating oil spill avoidance efforts.
 - **Multicultural Crew Management:** Effective communication and collaboration with diverse crew members, fostering a positive working environment.
 - **Dry Dock Expertise:** Leading overhauls of Main Engines, Auxiliary Engines, Turbochargers, and Compressors. Managed cooler cleaning, fuel equipment replacement, and conducted inspections and overhauls of pistons and cylinders.
-
- **Maintenance, Management, Repair and Faultfinding** experience with:
 - Main Engines: MAN B&W 6S50 MC-C; Wartsila RT-Flex 50; SULZER7 RTA 48TB, Diesel-Electric
