COVER LETTER

Seasoned **Chief Officer** with over **twelve years** of experience in **Oil&Gas Operations, Specializing in Crude Oil / Product Oil operations**, Including, **SIRE 2.0, PSC, Class, and Flag Inspection**, and safety vessel management. Gained excellent experience of operation during **Cargo Operations (STS)**, Expert in a broad range of **Cargo, Ballast, Navigating Systems**, encompassing of Vessel operation as per manufacture requirements, modern control and automation systems, and a commitment to operational excellence and international marine standards.

Career highlights: Include leading complex on **Navigating Systems as JRC, Furuno / SAM Electronics**. Familiar with BWTS systems, proficient with **ERMA** gained management level trainings, **Techross**.

Cargo Systems: Centrifugal turbines / FRAMO

PMSs: Kapa, NS5, Nautico, BassNet, AMOS, OM and Compass.

Safety Management and Regulatory Compliance: Committed to safety and environmental stewardship, excelling in implementing safety and emergency response strategies. Conduct rigorous inspections and audits to ensure all operations meet the highest standards of safety and efficiency. Managed an Emergency response Team during drills, maintaining effective radio communication

with On-scene Commander. Conducted drills for scenario like Oil Spill during STS Operations, confined space rescue, work-at-height incidents, and man-overboard situations.

Leadership in Multicultural Environments: Leads and inspires diverse teams, promoting collaboration and continuous improvement. Effective in communication, conflict resolution, and personalized team management, ensuring high morale and operational excellence.

Technical Proficiency in Maritime Systems: Hands-on experience with modern maritime systems, including control and automation systems, Propulsions and Ballast Water Treatment Operations. Adapts quickly to new technologies and complex for smooth vessel operations.

Leadership in Operations: Spearheaded the Bridge Department, overseeing a multi-disciplinary team of over 8 crew personnel and contractors. Managed Bridge equipment's. Oversaw people management, controlled man-hours, and monitored KPIs for optimal department performance.

Adaptive Expertise in Global Operations: Extensive experience in various marine projects, adapting to different operational demands and environments. Committed to learning and professional growth, ready to tackle the challenges of modern maritime projects.

Eager to transition into roles such as **Chief Officer / Cargo Supervisor / Loading Master** on advanced offshore projects, particularly in **FPSO or VLCC vessels**. Familiar with DP system, in 2015 obtained DP Advanced certificate. Well-suited for challenging positions involving modern and sophisticated marine equipment, **with a strong background in safety, incident response, and methodical problem-solving.**

I am enthusiastic about the prospects of integrating into the vibrant Oil&Gas community, bringing not just my technical expertise but also a rich family legacy in the maritime world. It would be a privilege to further discuss how my background and aspirations align with the vision of your organization.

Yours faithfully,
Chief Officer
