Clinical Observership Dr. Mamedbeili Gunay

To whom it may concern

We are pleased to confirm that Dr. Mamedbeili Gunay completed a clinical observership from 01.11.2012 to 01.03.2013 at our institution.

During her observership Dr. Mamedbeili Gunay showed special interest in gynecologic oncology and gynecologic surgery. She participated in daily rounds, gynecologic surgeries - including minimally invasive and robotic assisted surgeries - and the gynecologic oncologic tumor boards. Her performance and personal conduct is very good, she was very enthusiastic to presented her scientific research during the morning educational lecture.

We wish Dr. Mamedbeili Gunay all the best for her future career.

With best regards,

Professor Heinz Kölbl
