About Me

I am Engineer on watch, I have enough experience in this position for a good job in the passenger or merchant fleet. under my leadership and my participation, a huge list of works was carried out to maintain the vessel in the best technical condition. My duties and responsibilities included the following: 1. Observation in the engine room - keeping a watch of temperature, pressure, other assignments in the engine room. 2. Preventive maintenance of the technical equipment of the assigned unit, including the necessary repairs 3. Safe engineering watch keeping 4. Close communication and accountability to all stakeholders and leaders 5. Ensuring compliance with the rules of labour protection, safety and fire safety throughout the engine room. 6. Maintenance of service in my team in accordance with the ERM assigned by my superiors; 7. Fulfillment of obligations from the Environmental Compliance Plan Safe
