I would like to apply for the engine cadet position in your company.

Summary of Qualification now I have graduated Professional College of Maritime Transport. Now i study at Kherson State Maritime Academy. I am on the Engineering department.

I consider myself to be trustworthy, reliable, hard-working, punctual and cooperative person. I can supply references from the university if it is necessary.

I would be grateful for the opportunity to visit your company and discuss my application with you in person. I am available for the interview any day, at any time.
